Race course

The start is in front of an impressive mountain panorama at the “Vitalwelt Schliersee”. The dreamlike bike course is set along the Bavarian Alps all the way up to Spitzingsattel. Afterwards, the run course continues within the beautiful landscape of the alps around Spitzingsee.

Swim (1,5 km)

The time limit for the swimming distance is 60 minutes.

The rules of the DTU are set as standard. As of 22°C water temperature, the swimming distance has to be accomplished without wetsuits.

Bike (40 km)

The bicycle draft zone is 10 meters long, measured from the leading edge of the front wheel and extending towards the back of the bike (five bike lengths of clear space between bikes). An athlete may enter the draft zone of another athlete when passing and must continuously progress through the draft zone. A maximum of 15 seconds will be allowed to pass through the zone of another athlete.

The vast majority of the course is closed to public traffic. Nonetheless, the traffic regulations have to be considered!

The cut off time for swimming and cycling is 3 hours and 15 minutes.

Running (10 km)

The cut off time for all three disciplines is 4 hours and 30 minutes.

Aid stations along the course

There are no aid stations along the bike course. At the end of transition 2 is the first opportunity to grab some drinks and snacks. There are aid station at KM 5 and KM 7,5 along the race course.

Relay Teams

A relay consists of three athletes. Each of them has to accomplish one discipline and then has to hand over the timing chip to the next athlete in the transition zone. Women`s, Men`s and Mixed Relays are allowed.

Due to the high logistic effort, a relay has to consist of three athletes!

The minimum age for the cyclist is 15 years (starting from year 2002)

The minimum age for the runner and swimmer is 14 years (starting from year 2003)

Timing

When you are registering online for the event, you have to pay a timing chip fee of 3,50 €. There is no deposit. The timing chip that is attached to the ankle determines the total racing time and thus the placing of the athlete or the relay. The first point of time measurement is the entry for the swim start. There are further timing mats along the race course. After you finished your race, the timing chip has to be returned at the transition zone. Bike for chip. In case you do not return the chip, we will have to charge another 50 €.

Competition Rules

The rules of the BTV and the DTU are set as standard for the Alpentriathlon.

You have to follow the instructions given by the referees. The aid of a third party is strictly prohibited. Helmets are mandatory.
